Prejudice Against Hair Removing a Thing of the Past

How much influence has "dress" upon custom or prejudice? For answer look around you some evening in the bailroom, restaurant, or on the stage, and note the women in their modish, sleeveless frocks, or the abser, transparent blouses. Observe how uniformly clean are their arms, and their graceful freedom of motion. This is because they are entirely free from hair under the arms, and the most refined, conservative women have no longer any heaitney about removing it.

The quickest, simplest, and safest way to remove hair from the face, lip, neck, or arms is by an application of Elizado, the Sanitary Liquid Hair Remover. All you have to do is to saturate the hair thoroughly with a little El Eado, and in few moments the hair becomes harmically dissolved.
